"Incorporate Interactive Technology" Integrate interactive technologies like virtual simulations or online collaborative platforms into lessons. For instance, using virtual labs in science classes allows students to conduct experiments in a simulated environment, enhancing their understanding and engagement. 2. "Promote Active Learning Strategies" Encourage active participation through methods such as group discussions, case studies, or problem-solving activities. For example, implementing a flipped classroom approach where students review lecture material beforehand and engage in dynamic learning environment. 3. "Offer Diverse Assessment Methods" Move beyond traditional exams and include varied assessment methods, such as projects, presentations, or real-world applications. For instance, assigning a project where students apply theoretical concepts to address a practical problem allows for a more comprehensive evaluation of their understanding and skills.

NAAC AQAR (2019-2020) - CRITERION II – TEACHING-LEARNING AND EVALUATION

2.7- STUDENT SATISFACTION SURVEY (SSS)

For the NAAC AQAR (2019-20), Student Satisfaction Survey (SSS) was conducted among the outgoing students of the college through the college website. The questionnaire has been framed based on NAAC guidelines. Students have rated the question in a scale of 0 (least) to 4 (High).

The result of this survey is based on the response of **42** students.

Instructions to fill the questionnaire

- All questions should be compulsorily attempted.
- Each question has five responses, choose the most appropriate one.
- The response to the qualitative question no. 21 is student's opportunity to give suggestions or improvements;

she/he can also mention weaknesses of the institute here.

(Kindly restrict your response to teaching learning process only).
