## **Entrepreneurship Development Cell (EDC)**

N.B.K.R. Institute of Science & Technology has started an Entrepreneurship Development Cell (EDC) in the year 2013, to nurture the idea of entrepreneurship among the students. The Cell aims at creating an entrepreneurial ecosystem in the campus. It aims to develop and support new and future entrepreneurs thereby striving towards building the capacity of a technology entrepreneur, assessing demand opportunity, developing a marketable product, patenting and licensing, building the right team, raising money and creating value for customer and ventures.

### **Objectives**

- To create awareness on Entrepreneurships among young students
- To facilitate the development of Entrepreneurial Skills among students of Science & Technology
- To establish a modern category of Sustainable Technology – Competent Entrepreneurs
- To provide complete technical and other services to budding entrepreneurs
- To organize camps, seminars, symposia, workshops, industrial visits, conferences and other development programs
